

## Cordless Wi-Fi IP Phone

## WP836

The WP836 is a cordless Wi-Fi IP phone suitable for many enterprise and vertical market applications, including offices, retail, logistics, healthcare, security, and more. This high-end cordless Wi-Fi phone is equipped with integrated dual band Wi-Fi 6, an advanced antenna design, roaming support, 4-way voice conferencing, AI-based noise reduction, and support for the Opus HD voice codec. The WP836 provides 10 hours of talk-time and 200 hours of standby time through a 3000mAh battery to drive employee productivity. Withstand any weather environment thanks to the IP67 weatherproof design which provides exceptional waterproof and dustproof performance. By providing a sleek design, easy-to-use interface, and a variety of practical, customizable features, the WP836 provides mobility and flexibility to all voice solutions.

۲

Dual-band Wi-Fi 6 with efficient antenna design and advanced roaming support

Rechargeable 3000mAh battery, 10 hour talk time, 200-hour standby

3 SIP accounts, 3 lines, 4 conferences

Configurable button for Push-to-Talk

HD voice & dual MIC design with AEC, Noise Shield Technology and Al Noise Reduction

Alarm functions include:

push-button, man-down,

no-movement, running,

ambient-sound

Integrated Bluetooth to connect headsets, Type C USB port (fast charging)

۲

IP67 Rated -Water-proof, dust-proof, cleaning chemical resistant, antibacterial casing
